

Ad Hoc Charting: Rapid Response

1. Log onto PowerChart and open a patient's chart.
2. Inside the toolbar field, click to select **Ad Hoc**.

3. Click to open the **General RN** folder if it's not already selected and opened.

4. Click the **Rapid Response Team Documentation** checkbox then click **Chart**.

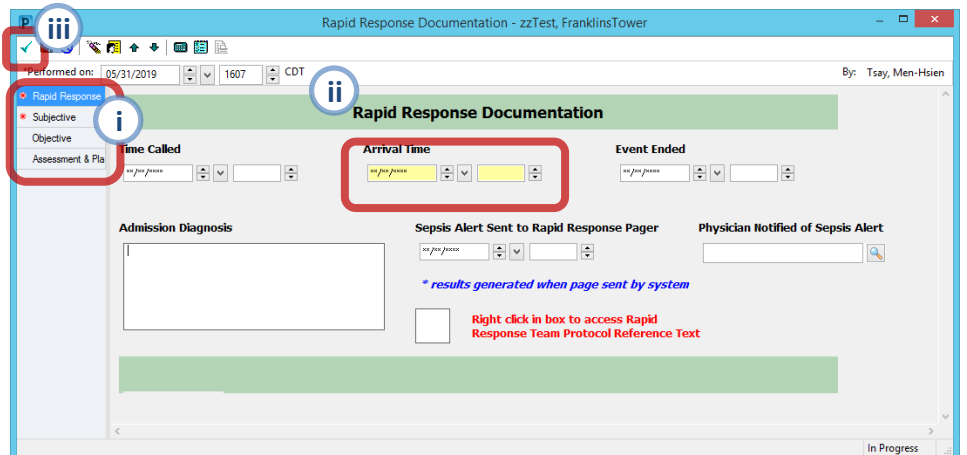

5. The **Rapid Response Documentation** has four sections to be completed. Complete the document by filling in all applicable info.

- i. **Red asterisk (*)**: at least one required detail is missing in this section.

NOTE: A checkmark will replace the red asterisk once all required fields are fulfilled.

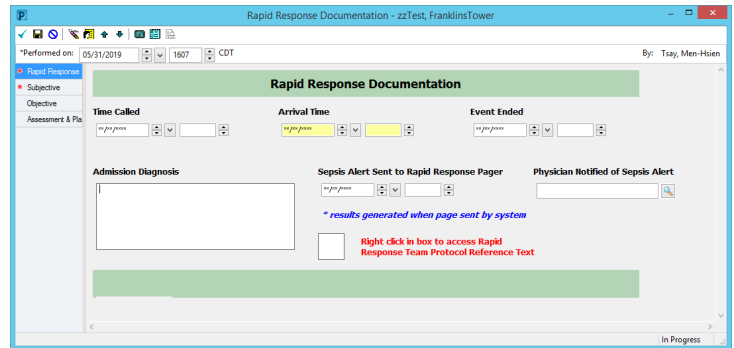

- ii. **Yellow highlight**: required field.
 - iii. Click the **Sign** icon () when all information is completed.

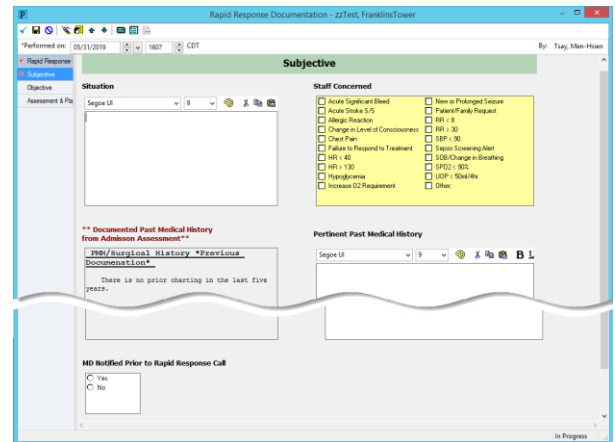

The following are the 4 sections inside the **Rapid Response Document**.

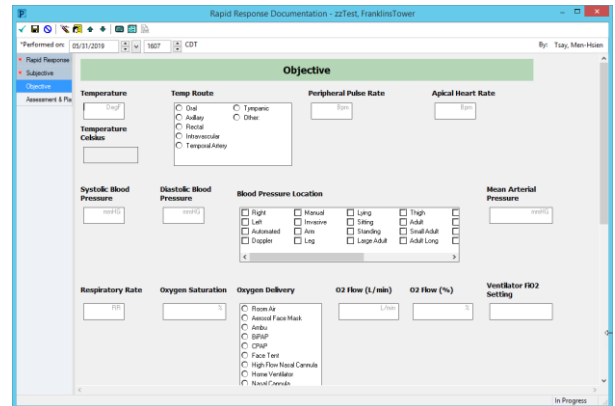

Section 1. Rapid Response contains required fields.

Section 2. Subjective contains required fields.

Section 3. Objective – no required fields.

Section 4. Assessment – no required fields.
